Alma Mater

Here's to you, Point Loma High School
Lifting high our voice in praise,
We'll honor thee, and loyal be
Throughout all our days.
Spread far the fame of her fair name,
Wave again the dear old banner;
Unto blue skies we proclaim
Hail, Point Loma High!!!!

"Summer ended with crummy weather, school shopping, and parties. I wasn't looking forward to school, I was just looking forward to getting through it," commented Jon Still on the start of school. Sophomore Melanie Foster said, "I did a ton of shopping, and tried to go to the beach to get a last minute tan." Michael Calhoun stated, "I was glad to come back to school because my summer left little to be desired and it will be fun being a senior."

Registration was a frantic site, as usual. Seniors went through it in stride, while it was a little harder for juniors, and it was total confusion for sophomores.

The "All School Orientation" brought everyone together for an overall look at Point Loma. "It was good because you got out of class and we got to see the cheerleaders. It was too hot, for everyone to be scrunched in together," remarked Tom Madruga.

Spirits were high during the second week of school. The rival shoe game between La Jolla and Point Loma lightened school spirits. Point Loma went to La Jolla with a positive attitude and came back with a win. Football player Clint Pullum remarked "It was my last chance, I'm glad we brought it back before I left. We made a lot of mistakes, but it was fun. The team was super psyched up, we knew we were going to win."

Football was a major part of the beginning of school. One of the most exciting football games was the night football game against Serra at Madison. Tom Brown remembered, "Who saw the night game, there was more action in the stands than there was on the field. It was great! Where else can both you and the team make a fool of yourselves in public." Leslie Mendez went to her first night football game and reported "It was a lot of fun. Everyone's cheering, screaming, jumping around, and once in a while they saw a play."

October got off to a busy and festive start this year with the arrival of Juan Cabrillo to the Point Loma campus. His visit was part of the Cabrillo festival, an annual event that celebrates our Portuguese heritage.

The Ski Club was also busy this month with their annual car wash. "We made some money, everyone got a little wet, and had a lot of fun", commented Jay Federhart, a veteran ski clubber.

The El Portal staff took advantage of the Halloween spirit in October and held their first dance. "The band, costumes for the first time in seven years, and promised improvements in the yearbook were major reasons our dance was so successful.", stated Terence O'Brien. "Everyone on the staff helped out, and we managed to get the best turn out ever for a school-related stag dance!" Another dance was held on October 29th Monday night at Golden Hall it also proved to be very successful.

The Information Fair, held in October, gave the students, staff and parents the opportunity to see the types of project classes that are available at Point Loma.

October was also the month when the lights went out at the football game. Kearny and Point Loma slushed around for over three quarters when poof, sizzle, pop—all was dark. "It was pretty scary," recalled James (Chubby) Moore.

The Junior Class got into the act in October with their fund raising Halloween film. According to Relinde DeGreef "The movie ended up to be a comedy, instead of a horror but the Junior Class made about two hundred dollars." Relinde promised that, "This, and other fund raisers should finance a "super" junior prom.

October was a month of excitement for many Key Club members. The club played a major part in the Museum of Man's Six Nights Of Thrills.

The Pointer was very busy in October getting their issue out "People had trouble meeting deadlines," replied Doug Jehl. The infamous Point Loma syndrome: wait until the last minute has returned!

November was a month marked by much celebration. Spirit Week, Homecoming, and Thanksgiving highlighted the month's activities. Monday, the first day of Spirit Week, was designated as Movie Star day; Wednesday 60's day; and Friday, Maroon and Gold day. On Maroon and Gold day most students dressed in the school's colors, attended the hour lunch pep rally, and the Homecoming game against San Diego. The highlight of the game was an unquestionable victory over the Cavers. In the evening, many students and alumni were seen again at the Homecoming dance in the well-decorated gym. The dance's theme 'A Night to Remember' proved to be an appropriate one.

A Recognition Tea for fourteen PLHS students and families was held in the Performing Arts Center during Spirit Week. These students were honored for contributions to the school in tutoring, special service, and improvement in attitude and scholarship.

There also was a three-day weekend for PL students to recover from a very, very busy week. The Key Club took advantage of the extra day vacation and planned a trip to Magic Mountain.

Thanksgiving vacation was a needed holiday. Most students and staff members enjoyed their short week. Many enjoyed football, turkey, relatives, and pumpkin pie on Thanksgiving day.

The SAT, Open House, Ski Club and Yearbook sales were also in November. Open House was a chance for parents to meet teachers, faculty members, and students, to see classrooms and the school's campus. Ski Club bake sales and the start of the El Portal sales concluded the month's activities.

An atmosphere of excitement prevailed Friday November 9th as Spirit Week came to an end and Homecoming festivities began. Students dressed in maroon and gold indicated that Homecoming had officially begun. During the hour lunch the Cheerleaders held a spirit raising pep rally, which included a Homecoming Queen contest, entered by David Pittman, Coach "T", Mr. Rewa and Mr Hall

At the football game, the stands were filled with enthusiastic fans and alumni. Half-time activities included a parade of floats, introduction of the court and a half-time

show. The "Shank-mobile" was decorated by the Key Club, the theme for the Highlights float was "Good-bye to Disco", Film Club's float portrayed the Muppet Movie starring "Miss Piggy." The band presented their annual half-time show, they played an array of music. The high point of Homecoming was when the Pointers destroyed San Diego High winning 40-13

That evening many students returned to campus for the Homecoming Dance. It was just as the theme suggested "A night to remember." Couples danced til' midnight to the sounds of "The Magick Band."

ASB Monkeys Around

Orange juice, donuts, talking birds, SPIRIT week Robert playing with the Health & Safety dolls, disorganized agenda meetings, and the Powder Puff football game were all part of a great year in the life of Point Loma High's Associated Student Body.

The purpose of the ASB was "to plan things that will bring students together and break the monotony of a regular school year," said Mary Fran Smith. They also sponsored the student store, run by Mrs. Benedict and two TA's. It was the main source of income for the ASB. They also made money from the drink machines and school dances. The ASB approved expenditures for much needed athletic uniforms and equipment plus improvements on campus. They were able to make the budget "just about break even" according to Mr. Rick Mitchell, ASB advisor. When asked why he took on this challenging job he replied "You work with some of the top students in the school. Basically it's a fun job."

Key Club Opens New Doors

"The Key Club has a three fold purpose," stated Mr. Shank, Key and Keywanette Club sponsor for the eighth year. First is to plan programs at meetings, which are impossible to have in the classroom. Second is to get the kids out and see aspects of California that they may never see otherwise. The third is to participate in projects helping others." The kids in Key Club carried out these goals well, and they had a good time doing it.

The Key and Keywanette Clubs met every other Tuesday evening to take care of official business and see special programs planned by the officers. A heart surgeon came and talked about his profession, and slides were shown by a man who had traveled behind the Iron Curtain. On the lighter side, there were pool and jacuzzi parties, entertaining films, and slides of past activities. There was also a trip to Magic Mountain at the beginning of the year, and the infamous, annual ski trip to Mammoth was in March. Both of these trips brought new friendships and good companionship to all.

The projects included helping out at the "Six Nights of Thrills" Haunted Museum in October. Karen Moore played a dead Snow White and said, "Everyone was pretty scared, they kept poking me to see if I was really dead." Other projects were selling Christmas trees for the

YMCA, helping at a swim meet for special children, taking kids to the Olympic Trials, and running a pancake breakfast, while working at the OB Kite Festival.

The Club worked for the community and was rewarded by the good feelings that came with it, but they also awarded themselves with a party during the holiday season. One of Mr. Shank's goals as sponsor was "to help youth find higher values and a better outlook on life." The two clubs, led by Kelly Mapes and Alisa Ludwig, had a valuable and productive year and kept Point Loma High Key Club's reputation strong throughout the community.

Besides all of these endless thoughts the 1979-1980 Pointer had a successful year. The staff was made up of several returnees, as well as many new members. Mary Fran Smith commented, "A totally new Pointer" when asked what she hopes for this year. The new features included, a centerfold in every issue, a much more formal approach. Also a new layout style and type face.

We've Got That Spirit

Spirit and enthusiasm were ever present in this year's Varsity Cheerleading squad. The girls exhibited limitless energy at athletic events and pep rallies. To help prepare them for these activities, "we attended one week of cheer camp at UCSD during the summer" commented Lesh Bohannon. There they learned that cheerleading wasn't all fun and games, it was also hard work and called for lots of organization. "Camp brought us closer together as friends and raised our spirits," said Lori Fleet. They placed high in competition at UCSD against other schools, earning five superior (highest rank) and one excellent.

The cheerleaders soon found out that they had a full time job. They painted two signs for every game and also made ice cubes, cut oranges and sent messages to the football players. In addition, they decorated the locker room, sold ribbons and practiced during lunch, 5th period and after school.

School spirit they felt was not prominent among many students. "People take us for granted, they don't realize how much goes into it . . . we do everything we can to try and get people to the games, but we need the school's support. The team needs to know someones backing them up," commented Jenae Cummins.

JV Raises A Cheer

"It was the best time I've ever had, I'm so happy that we all got along together", stated Lisa DeVito. The group performed at various events after attending the UCSD-Camp of Champs this past summer.

"Camp was great. It was fun and helped a great deal in fulfilling our successful year," commented Michelle Hermans, the Pointer Pups energetic mascot.

Under the supervision of Ms. Barbara Holman and Mr. Dick Marshall, the group helped out at Pep Rallies, decorated the JV football teams locker room and painted signs. The girls felt that this year was full of fun and very successful. One of the examples of their success was a second place award in the city-wide cheerleading competition.

Many of the girls will return next year for more fun and excitement.

Boosters Warm Benches

This year's Booster Club, known as the Benchwarmers, were an asset to the schools spirit at football games. The girls cheered Point Loma's team on to victory and never lost their enthusiasm.

"They were a very pleasant and energetic group of young people," commented this year's sponsor Mr. Joldersma. "I plan to continue sponsoring the Benchwarmers again next year." Collette Bishop stated, "I will never forget being a benchwarmer, because I got to show off my school spirit and express my body movements." Chimene McClanahan was quoted as saying, "The group should have been more integrated, but I had a great time anyway."

Point Loma will have another Booster Club next year that promises to be successful.

Film Critics of the Future

The Film Club, led by Larry "Tiger" Zeiger, met every Sunday night to view new and old movies. Afterwards, the group went out for Pizza salads and hamburgers.

"Occasionally we splurge and go to Anthony's," stated Mr. Zeiger. The club viewed many new releases, such as *Apocalypse Now*, *And Justice For All*, *Fiddler On The Roof*, *La Cage Cup Follies*, *Kramer vs. Kramer*, *Life Of Brian* and *The Jerk*. They also attended the San Diego International Film Festival at La Jolla. For the first time this year they attended plays, such as *A Funny Thing Happened On The Way To The Forum* and *Lyceum Follies*.

Besides going to the movies, the club enjoyed themselves at Magic Mountain and at potluck dinners. On Homecoming, they entered a float called "Miss Piggy on Parade" with Maureen Foley as Miss Piggy.

Band Steps In Time

Point Loma's marching band got off to a fresh start this year with a new director, Mr. Thumm. The band continued its tradition of marching in parades and playing for special events. These events included, the Old Town Christmas Parade, OB Good Samaritans Parade and playing at Francis Parker's homecoming game. The band also was honored with an invitation to perform with the San Diego Opera. They were paid for this, as well as other performances. As Mr. Thumm

reported. "The band raised close to 600 dollars by performing, which is rather unique.

As a group, the band was dedicated and showed up for every football game. Mark Pearson was this year's drum major and as band member Michael Lemire remarked, "Mark Pearson deserves a lot of credit. He sacrificed much and really united us." The band's spirit was high and Carrie Freels felt that "we were a small but close group." The band got together for a trip to Disneyland and had several parties during the year. Nicola Lustner spoke for everyone when she said, "things improved from the beginning of the year and we welcome Mr. Thumm to Point Loma High."

Hitting the High Notes

Its lots of fun but also requires lots of hard work,' stated Louise Sandy of the Madrigals. Because of singing practice everyday and frequent performances the group was kept busy. They sang for various organizations, at luncheons, dinners, at banks, and Bullocks department store. Though the group sang classical music, they also sang some jazz and pop tunes. They attended two music festivals where they were judged on poise, pitch and their dance routine. Many members of the Madrigals plan on becoming professionals after they finish school. As Desire Iqual-demontijo remarked, "Madrigals has helped me get used to singing in front of large crowds and judges, something that will benefit my career."

"The Girls Ensemble is basically a singing group learning how to sing properly, we really don't perform that much," commented Liz Persons.

The performing that they did do was at school concerts, open house, and at local Junior Highs. Their main type of music was hit and jazz tunes. For their own entertainment this year the group went to Disneyland for a day and after performances they go out to Swensons, or somebody's house just to relax and have a good time

The German Club, with Mr. Leon as sponsor and Lesley Klumpp as president, worked hard this year trying to raise enough money to send a fellow club member to Germany. They planned many activities to raise the funds. "A pot luck is planned which will be co-sponsored with the French Club," stated Lesley Klumpp. They also held a bake sale and planned a show. Valerie continued, "We are also planning to do some Christmas caroling in senior citizen homes."

Squaw Valley, Mammoth, and Utah were the destinations of the future Spider Sabiches of Point Loma High's Ski Club. The club, sponsored by Herb Hall, met Wednesdays at lunch to plan trips and fund raising activities, which took some of the burden off of many members when financing their trips. The most successful money maker was a car wash. A week long bake sale on the lawn helped build up the funds also. The club motto, was stated by Mr. Hall was, "If you don't work, you don't get any money. The proceeds went to the workers for food, and any extra was spent on the condos."

The two primary adventures, to Squaw Valley and Mammoth, were fun and exciting, and the Utah trip during Spring Break proved to be as great as everyone had hoped. Stories brought home from the slopes were of whooping hot dogs at skiers coming down Thaynes run, and a rumor about Alisa Ludwig not liking guys. When asked to clarify this, she said "Are you kidding?" Alisa really liked being in the club and added, "We always go first class."

The club gave students the opportunity to go sking at discount prices with an organized group. This was the second year PLHS had the ski club and Mr. Hall commented, "The kids were just as retarded this year as they were last year. I had a really good time."

El Portal Staff Skates Thru Year

The El Portal staff was very enthusiastic with lots of creative ideas, and we were fortunate to have some excellent photographers," remarked Mrs. Huff, the book's advisor.

The atmosphere in the El Portal class was crazed and very busy. This year's staff tried to insure a notably special yearbook. For the first time, the staff held several events to raise money for book improvements, a costume dance, a car wash, May Day flower sale and a picture sale. Donna Doloszycki, one of the hard working editors commented, "It's a super staff with many different opinions, a lot of us spent many weekends and vacations trying to meet deadlines and put together a good yearbook."

Besides the routine work of layouts, copy and photography, the El Portal celebrated all staff members' birthdays. Mrs. Carly Newman contributed a special "character cake" to every party. One of her specialties was a pregnant worm for Mrs. Huff. She also arranged for a singing telegram to Teresa McGuire sung by a guy in tight yellow and green speedos. Anne Pitta summed the year up nicely, "New advisor, new ideas, and new people—much of the credit for the book must go to Mrs. Huff and all of her patience, understanding, and good advice."

Career Center Developes Future Experience

The Career Center was a very important asset to Point Loma High. Career counselor, Freyda Cohen stated, "We have job information and sources for more than 25 000 different careers." Along with career aid Nancine Belfiore, and T.A., Catherine Perry, Freyda Cohen handled all work experience, work permits and career speakers. The speakers included professional athletes, dancers, lawyers and fashion designers. She also handled the R.O.P programs and gathered information from most colleges in the United States.

Career aid, Nancine Belfiore stated, "we have very high quality audio visual equipment and all our sources of information are kept up to date."

Speech Teams Speak Out

"Together as a class we wrote our own speeches and entered speech contests," stated Ken Anderson. Ken also said, "we can chose to write on topics that are of interest to us." Ken was among the winners in the Rotary Club competition, along with Devin Brown, who spoke on Russian motives, and Jackie Nicoletti, who spoke on energy.

Each team member researched his topic and memorized his speech for each competition. Sparka Hall stated, "We learned grammer, writing and pronunciation, while we had a good time." Geri Davis, the team leader helped prepare the students for competitions.

Move To The Beat

"I just can't say enough about it! There was so much energy and enthusiasm, the girls were terrific," commented Coach Scanlon. The Dance Production class was open to anyone interested who had had some experience dancing. Lorna McKerrow added, "I think that it was the best class offered at PL this year." All the dances performed were choreographed by Coach Scanlon. "We did jazz, ballet and modern dances as well as the Charleston and the Can Can." re

ported Roseann DeMaria. Highlights for the group came in the form of guest speakers lunch together, workshops and the final production in March.

"Very talented and humorous" were Christy Ripley's remarks about this year's musical theater production "Fascinatin' Rhythm". With a total of nine directors, six choreographers and a cast of seventy-five the group put on a show containing four major scenes, The Invitation Tropical Island, Heartbreak Hotel, and The 40's. The songs sang were all from Broadway and Hollywood film musicals. Scenes of the show were The Deck, Heartbreak Hotel and Boogie Woogie Bugle Boy of Company B.

"It's not just performing to songs but it's the feeling of working together and creating a good performance every one will enjoy—this one is going to be the best!" commented Larry Zeiger.

Splendor In The Class

The Majors class opened their curtain on the 1950 season with three consecutive performances of "Splendor In The Grass". The cast was directed by Miss Bradley. In her first year of teaching this class, her main objective was "the performance."

The Majors class was opened to interested and talented students selected on their acting ability. There were many rookies this year, few returnees.

The unified talent and hard work of each cast and crew members during the performances helped the class. Doug Hall stated his feelings, "It's been real", while Mark Seignious thought "It was ... interesting". Everyone thought it was worthwhile to have a cast party at the end of each production.

The class participated in other events, such as: a One Act Play Festivals, a Vaudeville Show, and a Scene Study at S.D.C.C. One student, Ray Brandes, said "It gave me a chance to see a different approach to drama."

CSF Has Brainwaves

CSF is Point Loma's honor society. The requirements for membership are, at least three A's and one B, and citizenship grades of S or higher. Members of this organization are eligible for national scholarships, being chosen on a school-wide basis and then competing nationally. According to Mrs. Fowler "Students also join because some colleges are impressed by membership to CSF."

The idea for CSF began with Charles F. Seymour vice-principal of a San Diego County high school. The club grew quickly and has a good base at Point Loma. The group met often and had planned a couple of activities for the year. The annual Disneyland trip was February 22 and several parties were planned.

First semester treasurer Tim Wilkinson reported "Membership ranges from 125-160 and it stays fairly constant." "It is amazing, the number of kids who are eligible, and yet never hear about CSF," commented Mrs. Fowler. When asked why she joined, CSF member Cindi Wheeler replied, "To meet new people, enjoy the activities, and I feel an honor to belong."

R.O.T.C. Marches On

The R.O.T.C. was very active this year. As stated by Mr. Wiram "we attended some special events and participated in parades." Some of the events that the R.O.T.C. participated in were the Mother Goose Parade, Old Town Christmas Parade and Sea Cruises.

The various field trips to military installations were of interest to all. A group of the girls made visits to the Naval Hospital and a home for the elderly to sing Christmas carols. Mr. Wiram also stated, "every year we participate in the Point Loma High Homecoming." The raising of funds helps decrease the personal outlay of money by members to support the Awards Banquet which is held in May. A few of their fund raising events included a car-wash and a marathon. All in all it's been a great year for the R.O.T.C.

Human Relations and ESSA helped to improve human relations and increase cultural awareness at PL. "The primary purpose of the organizations was to promote peace through the understanding of racial backgrounds," stated Mr. Vigilante. The groups meet once a month to discuss issues and concerns related to their programs. Both groups were involved with the Human Relations Fashion Show, The Info Expo, Culture Evening, work

shops, new games and other hour lunch activities. During the year the ASB Commissioner of Human Relations planned hour lunch assemblies that promoted greater interaction among students, parents, and staff. "The ESSA committee has helped put faith in the kids," stated Mrs. Skidmore. As a result of the ESSA program a "Rondalla" was started at Point Loma. The group sings and performs songs from the latin culture.

Highlights Shine

"Highlights were very active this year. We had a bake sale, a Christmas candy cane sale and various rummage sales for fund raisers stated Nina Liggett. The chief interests of the group were to give assistance to the community through projects, and to help San Diego be a better place to live. Kim Lowell commented, "We did an original Homecoming Float, had holiday dinners for needy families, helped out at the Children's Hospital Fair, went Christmas caroling, and we also put special goodies in the teacher's boxes

The club met twice a month in various homes, under the guidance of Ms. Woodward. The meetings were helpful in planning special projects and new activities. The girls in the group tried to help out the community whenever possible. "Highlights members were constantly going out of their way to please somebody," added Alison Graham

CHRISTMAS TREES

PENINSULA Y.M.C.A.

HELP SUPPORT OUR YOUTH

December was the month remembered for all of its seasonal festivities that brought Point Loma students closer together and demonstrated the individuality of the community. Majors presented *Splendor In The Grass* on December 5th, 6th, and 7th. A majority of the students and staff enjoyed the cast's excellent efforts.

As a whole, we should have been more prepared, but it was lots of fun. We all met new people and experienced new friendships, and all the hard work and long hours were worth it," commented Amy Sandberg.

As the month rapidly whizzed along, PL students got into the Christmas spirit. They showed their enthusiasm in the annual three week Tijuana Can Food Drive.

It was a lot of work, but well worth it," stated Carol Decker. Señor Castas commented on the activity, "Our class won because everyone figured it was a good cause. It was highly motivated and worked hard. The real winners were the kids in Mexico."

On December 18th, the entire music department entertained faculty, students, and friends at their annual Holiday Music Festival. "During the Christmas season we usually have 20 or more performances around the county. Our objective is to help everyone get into the holiday spirit, enjoy themselves, and temporarily forget about their troubles," stated Louise Sandy.

A minimum day, SAT, a Ski Club film, the Powder Puff Football Game, an hour lunch, a X-mas Pointer's sue, Key Club Mistletoe Sale, and the Highlight's Candy Cane Sale were all part of this month's memories, along with the start of basketball, soccer, and soft ball season. It was also a time when seniors were completing their college applications.

The 21st of December was the last 1979 school day. Many students enjoyed Christmas vacations lying on the beaches in Mexico, or on the ski slopes in Mammoth, while others traveled around the country visiting relatives. The majority, however, stayed home and relaxed and enjoyed the unusually good December weather.

4. Students and helpers load truck bound for Tijuana with canned food and clothing.

January was very quiet for most PL students. When students returned to school January 7th, they saw the unfortunate destruction of a lunch court tree. Prior to the start of school, the basketball team held its first PL Invitational Basketball Classic on the 3rd, 4th, and 5th.

Mid-January was spent trying to get back into the swing of things. Semester exams took place the 21st through the 24th. "It was a pain trying to play softball and study for semester finals," remarked Kay-Kay Martin.

Elections for second semester assemblymen were on the 25th. A new conservative Foolish Party was introduced. "Our objective is to make ASB fun, to campaign truth, justice and the American way, also to get better bands for dances," stated Chuck Heinrich.

Point Loma celebrated Martin Luther King Day with a holiday and had a minimum day on the 28th. Bridget Finette recalled, "I went home and had to explain to mom for two hours why I was home early—then I watched my soap op-

erations.

The Legend of Hell House, a Jr. Class fund raising film, was shown in January. Seniors were active in early preparations for graduation, for it was a time to order announcements and get measured for caps and gowns.

February was a month for sweethearts, holidays, and rain. "Valentines Day was a day for exchanging candy and kisses," remarked Karin Pond. Highlights surprised the faculty by placing heart-shaped cookies in their boxes. "Many took advantage of the two three day weekends to go skiing," commented Shannon Redfoot. The Key Club and Ski Club both made trips to Mammoth over the holidays. During mid-February many students were glued to their T.V. sets watching the 1980 Winter Olympics, while rain in February left more than 3 million dollars worth of damage to roads and homes.

The rain didn't stop the Cashat Dancers from performing during hour lunch. "They were pretty killer. I liked their choice of music and costumes. It was the best hour lunch assembly I've been to this year," remarked Dan Jehl.

Other February events were the Lion's Club speech contest, where Jacki Nicoletti placed first, the Student Film Festival, senior announcement orders, CSF's trip to Disneyland, the SD Science Fair, semester report card distribution, ACT and Advance Placement tests. To top it off two faculty members, Mrs. Nelson and Mrs. Huff, increased the city's population by two.

March was the month when the underclass began to organize next year's schedule and the seniors' began graduation countdown. Many activities marked this month. There was another SAT, the distribution of the Pointer, a minimum day and two hour lunches that included Mrs. Scanlon's Dance Productions class, and the Student Faculty Olympics.

The ASB Ball marked the first of the three spring formals. The dance was held at the romantic Catamaran Hotel. "It was a great dance, the location was perfect!" were Krisa Nyri's feelings.

Many PL students began their spring vacations earlier than usual with the departure to Washington D.C. "It was a great experience. For the ten days we were gone we were one big family," remembered Susan Rea. The Ski Club enjoyed seven days of vacation on the mountains in Park City, Utah. The end of the third quarter was also a very encouraging aspect of the month.

POINTER POWER!

"We had an outstanding team this year inspite of all the problems we faced. The group came through showing a great deal of ability." remarked the line coach, Mr. Fristrom

Injuries this year were the main problems faced by Point Loma's Varsity team. As Head Coach Edens commented, "Key injuries to our starters put us back, but we still played well and came through in many tough positions

Point Loma got off to an excellent start crushing La Jolla 6-0 in the annual "Shoe Game". They then went on to slaughter Serra 14-6. Things started to weaken after a 0-31 loss to Madison. Joey Reddick added, "We made many fundamental mistakes that shouldn't of happened."

Then it was lights out at the Kearny game when Mesa College experienced an electrical outage. The game was postponed to the next day, a wet, soggy Saturday morning. Point Loma lost 6-9 in a close game. "The blackout really hurt our momentum, but the following day we were mentally prepared to win. We tied the score 6-6 but then missed our extra point attempt. This miss cost us the game." commented Jay Hibert.

Nevertheless, the Pointers came through in the Homecoming game, winning 40-12 against San Diego High

Fellow teammates believed that players Bill Waller and Tom Prokupek best helped to lift the team in spirit and performance. James "Chubby" Moore summed it up by saying "The guys that played gave it their best."

JV Scores High In Tough Competition

"Got to pay the price to win ... suffer, suffer, suffer!" This comment was heard often from the sidelines by many JV players, as Coach Noah psyched them up for the big win. Obviously it had good results, as JV came through with a 6-3 winning record. This was the best season in three years. The coaches also claimed that they had the best defensive team in the Eastern League. Point Loma gave up less than one touchdown per game. "We also beat the number one team, Morse," added Tom Kamfonik.

The team voted captains this year were Joe Damato, Sam Balistreri, and Tommy Ruckle.

Volleyball Players Do It With PMA

Besides their skill, the most outstanding thing about the girls volleyball team was their exceptionally high spirit and enthusiasm. Each girl had a super attitude and they were always willing to help each other out. Considering that they were a young team, their overall performance was great," commented Coach Craig.

One of our biggest wins was in the season end when we played Kearny in our gym. Mrs. Craig told us a few days before our match that Kearny hadn't won a match in our gym for as long as she could remember, and we kept up the tradition!" said Teresa

McGuire, one of the hitters on the varsity team. Lisa Smille, Carolyn Verhove and Misty Lane were the backbone of the varsity team. Lisa and Carolyn played well and were chosen for the All Eastern League first and second teams.

Between practices and matches, the girls spent time together at pizza parlors, volleyball tournaments and PL football games. "We had so much fun together that we wished the season didn't have to end!"

Pointer Pups Shoot For Victory

"I think we played up to our potential," replied Coach Neithold when asked about this years' water polo team. Neithold was pleased with the teams' playing and felt they did as well as he thought they would. Assistant Coach Moore gave the team alot of support and P M A (Positive Mental Attitude) before and during games.

"Most players were juniors and sophomores, which gives us an excellent chance for next year," said Kurt Baranski. Led by Ron Bregman and Steve Volle, the team tied for second in the Eastern League. Although Steve Volle was the teams' highest scoring player, he also never failed to hit the oppositions' goalie in the head with the ball.

The biggest game was when PL beat Uni, one of PL's long time rivals. The game was close, 8-7, and as one team member remarked, "We should have killed them."

Swimmers Stay Wet

"Our team was just too small, we needed more people," stated Coach Marion Nelson about his girls team. "We've only had the team for two years and it was amazing how well the girls did for such a young team but there weren't enough of them." This year was the second year PHS had girls' swim team, and Coach Nelson enjoyed working with the "more dedicated team" very much. They worked out at the Mission Beach Plunge two hours a day except when they had meets. Susan Miller liked the candy we got when we improved our times" and LeAnne Jones thought "The workouts were best. If it wasn't for

Joe, I wouldn't have done as well as I did." Assistant Coach Joe Krupens worked with the JV swimmers consistently, training them to be good Varsity material for next year.

The team sold Suckers and had a lot of fun. They raised money for the team and for the school. They used the money to purchase team sweats for the swimmers. Liz Krupens, the chairman of the sucker sale, said "Everyone was full of spirit and fun. I saw a lot of people who were glad to help because they wanted to do things to help the team."

Runners Make Strides In League Competition

Long workouts, sore muscles, tired feet and mental fatigue were all part of the fun of going out for Cross Country. According to Coach Rick Mitchell "The varsity team was one of the most dedicated teams that I have ever worked with. Their dedication however, did not prevent the illness and injuries which kept them from finishing top in the Eastern league. As Sean Moriarty remarked, "At any one time there was always somebody sick." Varsity placed fifth and JV was ranked fourth.

Veteran runners, Rollie Wingo and Steve Hastings were outstanding all year long and showed their prowess at the CIF finals. Rollie lost only one race the entire season and ended up CIF champion. Steve finished tenth in CIF individual competition. Steve commented "This year was a lot of hard work, but it really paid off for me."

Occasionally after the meets, the team would get together for pizza at the Venetian. They also had an awards picnic at the beach. Bryan Peugh summed up

Girls Cross Country Team Struggles Together

"I'll never forget the time when Dottie Dring was running towards the finish line, but running in the wrong direction!" said Christy Ripley while reflecting back on the Cross Country season. The team did well and ended the season with a 3-4 record which qualified them for CIF preliminaries. Laura Quijano

was the team's most valuable runner. Terrie Walsh was the team's most improved runner and Lynn Crakes was the most dedicated runner. The girls got stronger at the end of the season which was due to the fact that they were facing better competition, commented Coach Peterson.

Between meets the group just kept on running and ended the season by placing 2nd in their division in the CIF preliminaries and 8th in the CIF finals.

Team Keeps Eye On Birdie

"Badminton is a lot more fun with boys!" agreed seniors Laura Henderson and Daniel Masters. 1979 was the first year that PL had a co-ed badminton team. Before that, it had been strictly a female sport at PL. With a record of 13 and 1 the addition of the guys was a help to the team.

Being a first place team was hard work and the team kept improving as the season progressed. According to Coach Scanlon, "This was a wet and see year. We had to see how a co-ed team would work out and there was no place to go but up." The Boosters Club was a big help this

year. They bought 1st place trophies for each member of the team, because the athletic department could not afford it. The team was a close knit group and first year player Sharon Graves added, "After the first couple of games we were all pulling for each other like a family."

There were team parties outside of school and the team was supportive of all its members. Coach Scanlon commented, "The team worked well and hard, they had a good attitude and didn't fall apart, and they were lots of fun to work with."

Girls' Tennis Courts A Successful Season

The most reported match played was against Patrick Henry in the first part of the season, where the Pointers won by a score of 6-0. The win assured them of a first place position.

Most of our talent came from the undersized sophomore class, as a good indication of our talent next year," commented Sylvia Maas.

The Pointer Tennis Team did an excellent job this

year and had for first of the Eastern League with Patrick Henry. The group had lots of returning talent from Pam Henderson, Sylvia Maas, and the Duggins, and the most important players were sophomores Elizabeth Bell and Linda Clark. They played first string doubles and together they very fast set the whole season.

Pointers Shoot For Two

"Defense ... defense is the name of the game" stated Coach "T". The team exhibited just that throughout the season, giving up less than forty-eight points per game and ending fourth in the county defensively while ending sixth overall in the Eastern League. At the Point Loma Classics, held during Christmas Vacation, Pointers came through with second place destroying Mar Vista and tying Mission Bay.

"The team as a whole played to

their best ability, but we lacked height which made us fall behind in rebounding," commented Chris Ghio.

Long practices found many players much improved in their basic fundamentals. "We started the season with a broad outlook, and practiced hard to improve ourselves," remarked Brock Spore.

This year Cecil Espy and Buddy Horne were voted All League Honorable Mention.

JV Swooshes Through The Season

Intense effort was unquestionably a precise phrase to sum up the JV Basketball team this season. Players worked with the utmost dedication on various constructive drills from 1:30 to 5:30 after school. These drills consisted of passing, free throws, shooting and offensive plays. This year, Point Loma acquired Coach Mac Donald, a former scout for the Los Angeles Lakers, as their new coach. Unfortunately, he left at the

end of the season to coach a college team. "I think he did a good job considering the transition he made from college to high school JV," commented Bill Hamlin. The team won four straight games toward the beginning of the season, but fell down hill from there. "We lacked organization and didn't work as a team," remarked Jon Stil.

Bad News Bears At PL

"I think our best game was our first game of the season when we held the Patriots to a score of 0-3," remembers Coach Craig, "we held them with our fantastic defense!" The team had a set infield with Stacy Mole, Danielle Noe and Mary Ross as alternating pitchers

Practices consisted of infield and outfield practice, batting practice, stretching out, running and, occasionally, sliding practice. "I had such a good time at sliding practice! There was this big mud puddle with a base behind it and we had to slide through the mud to tag the base—it was great!" exclaimed Kim Dunbar

When asked about the team's performance, Coach Craig said, "I feel the girls did a good job this season. Two of our pitchers and our catcher were sophomores and they will be a good nucleus for next year's team."

If the weather permitted, all home games were played at Robb Field. Lisa Smilie commented on the team's attitude, "We'd all be psyched-up the day before a game, but many times it would rain and the game would have to be cancelled. When the time came to make-up the game our enthusiasm wasn't as great. Hopefully, the softball season will be changed to a spring sport."

Soccer Sets Goals

"We don't get psyched up, we just get mean," stated John Kelly when asked what the Varsity Soccer team did to prepare for their games. Before a game, the team warmed up with stretching, running and drills.

Coach Ed Leon gave all his team members an equal chance and confidence by having no superstars or stand-outs. He commented, "This is the best balanced team we've ever had." Strong and experienced players made up the group. Forwards, Lionel Silva and Sergio Cabrera, dribbled their way to the goals, while defenders, John Kelly, Eddie Pappert and Eric Richter blocked the opposing teams' scoring threats. As PL's goalie for a second year, Doug Barrancotto proved to be an excellent player.

The game against Montgomery was the teams' best. "We played like PL should play," stated enthusiastic Eric Richter. Varsity soccer placed 3rd in the Eastern League.

Next year PL's varsity will have 7 returning players. The ability of the sophomores, plus the experience of the juniors will lead the team to victory and keep up PL's good reputation.

JV Scores Goal

Soccer is gradually gaining popularity in the United States, and has always been a favorite at Point Loma. PL's JV soccer team was highly selective and dedicated. Coach Donald Viana chose his players carefully, after several days of demanding tryouts. As Coach commented, "I wanted them to learn to be disciplined, to learn to get along with each other and to play as a team."

The team improved substantially from the beginning of the year, second year player Erik Zucker added, "We got more organized, and worked better together as the season progressed." Coach Viana closed by saying, "I enjoy coaching. I get very involved and I feel that all the players should be recognized and commended for their efforts."

PL Pins To Win

"We had over 40 people try out for wrestling and only 18 people stuck it out," reported a disappointed Coach Brown. Eighteen students were not enough to complete an entire Varsity team, so PL's group was severely out-matched by other schools. Despite this disadvantage, the team members worked hard and were often complemented by coaches of other teams

Two outstanding wrestlers, Victor Amezcua and Nick Perez, received honors as individual wrestlers at many meets. Nick Perez commented, "I really like to wrestle, it's a good sport because it's one to one

When asked about how he psyches himself up for a match, Victor Amezcua replied, "It's difficult, but you just think about the match and try to concentrate on winning."

We started out with 18 members and cut them down to 5 for each team," Chief Quinlan remarked. The JV and Varsity rifle teams were selective and held 2nd and 3rd places in their conferences. The teams had long and serious practice sessions. Rod Fiori reported, "We held together pretty well and worked as a team." The only female members were Laila Gilham and Sherie Johnson. When asked why she was on the team, Sherie replied, "I wanted to try out, to see if I could do it and I had a lot of fun."

Boys Tennis Team: A Smashing Success

"There was a lot of competition within the team, but not so much that anyone got mad, it wasn't a big deal" summarized Trent Davis about the players on the boys' tennis team this year. The team practiced every day at school for about an hour, hitting balls and playing practice matches, although most of the perfection was achieved on the boys' own time after school. Home matches were played on the PL courts and CIF playoffs were held at Morley Field.

Top singles placement was shared by sophomore Kelly Jones and Junior David Kuhn, while Don Woods

and Trent Davis played third and fourth respectively. Eugene Jones and Lance Lareau were the number one doubles team. Eugene showed confidence in the team stating, "Winning our league wasn't super challenging. La Jolla and Torrey Pines were the tough teams we really wanted to beat."

David, Lance, Kelly, and Eugene represented PLHS in Ojai, California at an Interscholastic Tennis Tournament in April and all did remarkably well. Coach Pete Shroeder pulled his team through a victorious season once again.

Golfers Hit The Sweet Spot

Golf is a game that demands extreme patience, concentration, dedication, talent and time. PL golfers had all of these qualities and developed into a very well balanced team. Tim Wilkinson commented, "The team is strong and well experienced."

Point Loma played their home matches at Balboa Park Municipal. They put in almost twenty-five hours a week, weather permitting. Their efforts were well rewarded as PL became a top contender. "It's about time we got P.E. credit, we work hard enough," said Jackie

Nicoletti about the controversy.

Although golf is an individual sport, the team worked well together. PL is one of the few teams in the county that had female players. The golfers were often in each other's company off the course as well as on. They enjoyed parties and often went out to dinner. Carla Weisler remarked, "Our favorite was Mexican food, especially the burrito." "Lots of practice and lots of 'Moon Rocks' seemed to be our key to success," recalled David Renker.

P.L. Baseball is Devoted

This year's varsity baseball team had a lot to offer. The tryouts for the team took place on Feb. 25. There were 40 trying out and only 20 were chosen. "All team members had a super attitude", stated Coach Morstad. The team members practiced Monday thru Friday for 3 hours at Collier Field. Pitcher, Gary Crusberg added, "Coach Mor-

stad is great, he's doing a great job in his first year." Coach Huddleson has coached the team for the past 12 years.

The team has many promising juniors and seniors with very high potential including "Cecil Espy who is qualified for the major league," commented Morstad.

All team members worked hard together to get their dugout at Collier Field in shape. They worked for several hours on Saturdays painting the walls maroon and gold. They had fund raisers, such as selling windbreakers and candy to raise money for an Awards Banquet. Every year

awards are presented to the most valuable player and most improved. Coach Morstad added, "The team was great! All of the boys worked very hard and became a very strong, well rounded team."

"Going in and taking it all" were the aspirations of the JV Baseball team this year.

Thirty-five guys tried out for JV alone. "That's an excellent response, and it shows the traditionally high interest involved with baseball at our school," commented Coach Maurice Tompkins, the new JV Coach.

Sure success was what the baseball team accomplished with such players as Tommy Ruckle, Jimmy Pringle, and Tom Kamfonik. "We had a very strong sophomore year, they were the nucleus of the team," added Russ Imlay.

Dedication and sore arms were what the team was all about. They practiced everyday from 2:15 to 4:30 and had games every Tuesday and Friday. "Everybody does their very best, hoping that they can play," said Jimmy Pringle.

The strategies for JV were similar to Varsity. Everybody tried to become stronger up the middle, developing a defense, timely hitting and most important, having the best possible pitchers.

Gymnasts Flip Into '80

"During the season, the girls had to be totally devoted to gymnastics," remarked Coach Scanlon. "Gymnastics is an athletically demanding sport. A person must have strength, endurance, balance, coordination, dedication and most of all, flexibility. The workouts usually ran three to three and a half hours, and included warm-up stretches and individual work. Sophomore Kelly Stone commented, "I worked a lot on the bars and considered them my best event. My routines came pretty naturally, but I had to work really hard. The girls all worked hard together, as a unit. Usually each girl picked her own music, and depending on her experience, had a lot or a little help on her routine. Besides working hard, Lora Linds-

koog had time to make friends and enjoy her sport. She felt that, "gymnastics is a lot of fun, the people are really nice. We went out together pretty often and had good times as a group." The only area which PL was lacking in was the optional routine areas. Not enough of the girls on the team had the experience to completely invent and perform difficult and tricky programs. Other than that, PL has always had a fine record of gymnastic teams. Coach Josie Scanlon closed by saying, "the girls did extremely well and I was proud of them all. They got together quickly and were committed entirely to the sport."

*practice meets	

In track you run against the clock, and you run to win," stated head track coach, Casias. Point Loma's track team started off a successful 1980 year by winning the 640 yard sprint relay in the Jack-in-the-Box Invitational Track Meet. It was a close-knit team, held together by motivation and competitiveness.

Practices consisted of team warm-ups, running a few laps and then working out with teammates in one of the three main events of track; sprints, long distance and field events.

Leo Casias coached the sprinter standouts, Tom Brown, Debbie Smalheer, Willie Smith, Naomi Armour, Kim

Costello and Alicia Collins in their 100, 220, 440 yard races. Wingo, Steve Hastings and Dottie Dring excelled in long distance. They were supported by Coach Mitchell. High, long, triple jumps, pole vault, discus, and shot put made up the field events. Junior, Jay Hibert was the strength in this area.

Before the meets, the opposing team members were surveilled. Their strengths and weaknesses in the certain events were spotted and Point Loma's athletes were chosen and prepared accordingly. The group ran with a lot of heart. As Coach Casias said, "What this track team lacks in size, it makes up in class and quality."

Spikers Set For Season

I think things are looking better for us. With the support from the student body and the school, we could be a better team" commented Tom Muehleman

Although not a sanctioned CIF sport, the guys worked just as hard as any other team. They had long, hard practices in the Ocean Beach Recreation Center and, occasionally, played at the Federal Building in Balboa Park, playing experienced college teams. They gave up lunches to practice in the small gym and worked out 10-12 hours a week

Nick Fotias, this year's new coach and former Point Loma High

School volleyball player was optimistic about the team and was quoted as saying, "This years team has a potential to take the county championships"

They started off the season by hosting a volleyball tournament here in our own gym. They competed against some tough teams, such as: Coronado, Kearny, Madison and Patrick Henry. The team also participated in another tournament at San Diego State University in the early part of their season

There were many new faces that appeared to take the place of the graduate starters. Forming the base of the team were Rick Gardner, Fred Scott, Dan Tentini, and the only returning player, Dave Sheeron

The Pointer Paddle

"We need more bodies!" was the general exclamation about the 1980 boy's swimming team. Ron Bregman, a senior 100 meter breaststroker commented, "We have a lot of quality, but not near enough depth." The team of 15 was made up of many new swimmers, and Bob Niethold, veteran coach of 11 years chuckled, "It was kind of comical because a lot of them hadn't swum competitively before and I had to keep after them about their races. We had a good time and got along very well."

Practices were held at the Peninsula Y every day for 2 hours and meets were on Tuesdays and Fridays. The strongest events for the team were the 100 breaststroke and 200 IM swum by Ron Bregman, the 100 backstroke featuring Tony Drenth, and the 400 medley relay with Tony, Ron, David Stangland and Scott Smith.

Mark Fountain, an inspiring sophomore, rationalized about the low body count. "I think it's a matter of people not having the confidence in their swimming ability."

1. "That's cold!" complains David Stangland
 2. Robert Riedl gasps for air after a tough race
 3. It's smooth swimmin' for Bill Hamlin
 4. Greg Scott & Scott Smith debate practice
 5. The crew catches up on gossip
 6. Kicking is David Sandage's favorite thing

Administration

Izzy Skidmore, Vice-Principal

Jim Gauntlett, Principal

"The main function of the principal is to keep the school running as efficiently as possible," according to Dr. Gauntlett. Most students agree, however, that the principal's purpose has always been to mete out strict discipline and punishment. His office has always been viewed as the worst possible place to be.

In reality, students are welcome in the principal's office at any time, and it is often a flurry of activity. The principals may not always be visible to the students, but they do see students and their parents on various matters. Dr. Gauntlett tried to attend a few classes each week and once a month he met with the homeroom representatives. Mr. Smith and Mrs. Skidmore had con-

tact with the students during lunch when they roamed the courtyard. Both of them also supervised activities on campus, such as A&B, hour lunches, human relations meetings, open house, and graduation.

The principals also got away from school, occasionally, and enjoyed their free time. Mrs. Skidmore loved to travel, cook, and play bridge, while Mr. Smith was busy with surfing and snow skiing. Dr. Gauntlett did odd jobs around the house, fiddled with electronics and enjoyed swimming once in a while. Mrs. Skidmore summed up the feelings of the group. "I think that PL is the greatest school and I absolutely love it here."

Bo Smith, Vice-Principal

Diane Petersen, Admin Asst

Kermeen Fristrom, Dean

Jane Daniels, Head Counselor

You may or may not know the people on this page, but they were a few of the hardest working people on this campus. They were also the people students went to when they had problems with their classes. Most of a counselor's day was spent talking to students about attendance and graduation requirements. According to Ms. Holman, "I really enjoy counseling and I wish that there was more time to do it. I would like to know all my counselees, but unfortunately it's not always possible."

What most of us did not realize was that our counselors are people too. They have many interests outside of school and all of them were very active. Miss Daniels' interests followed the lines of tennis, jogging and aerobic dance. Mr. Courts spent the major portion of his time with the 4H group that he led. His group shows every year at the Del Mar Fair. Ms. Holman spent her free time camping in San Felipe, attending operas, and playing some tennis. Golf, bicycling, jogging, and raquetball

were Miss Steffen's favorite pastimes. She also found time for gardening and contemporary music recording. Mr. Fristrom was highly involved in both state-wide and national English organizations. He also loved to read, especially about history. Hunting and fresh water fishing were some of the things Mr. Corbin liked to do in his free time. Once he was actually stalked by a mountain lion in the New Mexico mountains.

All the counselors definitely agreed that each year gets busier. As Mr. Corbin commented, "This year has been one of my busiest here and I've enjoyed it more because I've seen a more positive attitude on the part of the students." The bi-lingual magnet program added responsibilities, but was a success and helped to improve PL's integration. Miss Daniels felt that, "For the first time this school is in better shape than it ever has been." Miss Steffens concluded with, "Point Loma has an outstanding student body and staff."

P.T.A.

The P.T.A. was very active this year. When the Parent Pointer was not being compiled or an Open House planned, the group was busy organizing award luncheons, student dances and Human Relation activities.

The group also organized "Grad nite", S.A.T. review courses, and dances like "A Time to Remember", "Goodbye Summer" and "Winter Wonderland".

Joanna Kramer, P.T.A. President, commented:

"Dances provide wholesome entertainment for students, and P.T.A. sponsored dances are the only school dances that are able to last until midnight."

"Point Loma has benefited from the work of the P.T.A. continuously since 1911. Our P.T.A. has been valuable in reflecting the community's attitudes, and teaches parents how to better help students," stated Dr. Gauntlett, Principal.

4 Mrs. Bennett and Mrs. Kramer sell buttons for the P.T.A.

5 Mrs. Haynes gives directions at an Open House.

6 Left to Right: Mrs. I. Skidmore, Vice Principal; Mrs. D. Dring, First Vice President; Mrs. J. Lightner, Parliamentarian; Mrs. D. Ellsworth, Auditor; Mrs. J. Kramer, President; Mrs. C. April was marked as the beginning of Spring and the final stretch of the 1979-1980 school year. Spring vacation was enjoyed, and was definitely necessary for both students and staff. When everyone returned from vacation spring wardrobes and dieters prevailed. The PL juniors spent their school days busily making last minute preparations for the Junior Prom. The prom was held at the San Diego Hotel "I had a really good time, too bad there was not an after prom," said Anne Pitta with a devilish laugh.

The fourth week in April was declared Public Schools Week. The week started off with another minimum day for students. The El Portal spent this week trying to raise money. During the week they sold flowers and held a car wash on Saturday. "We needed more money to help pay for the high cost of this year's book," stated Tracie Turner. Also, the infamous PL cheerleaders were chosen during a special hour lunch. Majors showed their talent again when they produced and performed "Vaudeville 80".

1. Anne Pitta is crowned Prom Queen.
2. Socializing before class is Loriann Daluz.
3. Lynn Souza joins in the Easter egg hunt.
4. Reading a good book is Leshe Vaughn.

Flowers, flowers, flowers ... May was the month of flowers and the yearbook staff took advantage of this opportunity to earn some money and delivered flowers on May Day. In the middle of the month the yearbook staff got into the act again. They held a week long picture sale.

"It's a good chance for the staff to earn money while at the same time the students get the opportunity to savor their memories," stated Jill Lamott.

May was one of the busiest months for PL students. There were three scheduled hour lunches, one of which included the ASB elections for next year. Advance Placement exams were given, and there was a PL Spring Concert and a Recognition Ceremony. One of the highlights of the month was the Musical Theatre's "Fascinating Rhythm." Andy Blume said, "It was a great show, we had a blast!"

Seniors were in the spotlight with activities of their own such as "Graduate" and the "Moonlite Serenade" Sr. Prom. Lori Fleet said this about the trip to Disneyland, "I like Donald Duck better than Mickey, his quacker really turns me on." Her comment on the Senior Prom was, "I had a fantastic time, but the bubbles tickled my nose." (Giggle, Giggle)

JUNE - The favorite month of most Point Loma students. June was a happy, but sad month. Everyone was anxious to get out of school, but at the same time, not looking forward to leaving friends.

Seniors sat back and recalled memories of Point Loma. When they had concluded the last of their finals, they finished three of the most treasurable years of their lives. Point Loma June festivities included finals, the

distribution of Yearbooks, the Baccalaureate, Sr Awards Ceremony, the last day of school and GRADUATION for the Class of '80. The Class With Class.

Point Loma Scholars Make Their Mark

Every year, several outstanding seniors are awarded Bank of America Achievement Awards. They are given out in specific and general fields in which the student excelled. English award winner Laura Henderson commented, "English has always come easily to me, but I was surprised to receive the award." The other winners were Murph Smith for Art, Chris Landolo for Drama, Mark Pearson for Music, Lynn May for Foreign Languages, Amy Sandberg for Social Studies, Dorothy Dring for Laboratory Sciences, Leif Sanchez for Math, Lynne Mazza for Business, Lisa Lewis for Home Economics, and Gary Crusberg for Trades and Industry. Gary Crusberg felt that, "It was quite an honor to receive the award, especially in an area that I enjoy working in." All the award winners in the specific fields received certificates of Merit at the awards ceremony. The award winners in the general fields were, Louise Sandy for Fine Arts, Lori McFarland for Liberal Arts, Tim Wilkinson for Science and Math and Mark Macy for Vocational Arts. All these winners received engraved plaques at the awards ceremony.

Remember that gray Saturday morning when you stumbled to school and took the PSAT? Eight students out of those who took it, did well enough to become P.L. National Merit Scholarship Finalists. There are about 14,000 merit scholarship finalists nationwide, all competing for only 4,300 scholarships. 1,000 of these scholarships are for \$1,000 and over 3,300 are four-year merit scholarships. Stephanie Oberg commented, "I was surprised to have done so well, especially compared to kids all over the state." Tim Wilkinson added, "I was really honored to be both a national merit scholarship finalist and to have won a Bank of America award." Each year P.L. has about eight to ten students who become national merit scholarship finalists. These students have to have scored in the top half of one percent to become semi finalists. From there, the finalists are chosen on the basis of SAT scores and high school grades. "It's a great feeling when you are notified that you made it a finalist standing and have a real chance for a scholarship," remarked Cindi Wheeler.

Rise! for the day is passing,
And you lie dreaming on;
The others have buckled their armour,
And forth to the fight are gone:
A place in the ranks awaits you,
Each man has some part to play;
The Past and the Future are nothing,
In the face of the stern To-day.
